Decer Queen

Technical data sheet
n° 065 Rev. 21/12/2015

Floor wax remover

Category:

- Floor wax remover

Applications:

- Removes any type of wax

Advantages:

- Versatility
- Concentrated product

Product for professional use. The manufacturer declines all responsibility for any damage caused by an improper use of the product.

Applications

Decer Queen is a wax remover able to eliminate all traces of old floor waxing, making the floors ready for a new treatment. The great effectiveness of Decer Queen makes it suitable to remove natural and synthetic, metallized and high reticulation waxes. Decer Queen can be used safely on all types of floor, earthenware, stone, stoneware, wood etc.

Fields of application

Decer Queen, thanks to its simplicity of use and its great disruptive force, can be used for all the dewaxing operations, both for domestic and professional use.

The product is suitable for this purpose in environments such as:

- Houses
- Corridors and stairs
- Busy walkways
- Entrance halls and meeting places

In addition, wherever removal operations of old waxy films are needed.

Method of Use

Dilute Decer Queen 20% in water (1 part of product and 4 of water) and spread it on the floor with a cloth. Leave it for a few minutes. If necessary, facilitate the detachment of the old wax with a plastic brush, then collect the residues with a cloth and rinse thoroughly. In case there are layers of very old waxes or present in large quantities, it is possible to increase the concentration. For dewaxing parquet floors, we recommend using Decer Queen in a 5% aqueous solution (1:20), to remove the wax, without causing damage to the protective varnish. In any case, it is advisable to perform a preventive test on a small surface.
