

Household/Craft

ParqueSan

Technical data sheet
n° 201 Rev. 16/02/2018

Category:

- Neutral detergent for parquet

Advantages:

- Neutral
- No need to rinse
- No foam

Product for professional use. The manufacturer declines all responsibility for any damage caused by an improper use of the product.

Neutral detergent with antistatic and polishing effect for laminated, varnished and natural wood parquet

Applications

ParqueSan is a neutral and delicate detergent for parquet, which, thanks to its antistatic and polishing effect, prevents and removes dust, leaving the floor clean and shiny.

If correctly used it does not form halos, does not stick and does not need to be rinsed.

The use of the product diffuses into the environment a fresh and floral clean scent.

Fields of application

- Communities
- Hotel sector
- Restaurant sector
- Domestic use
- Cleaning companies

Method of Use

Dilutions: Add 50 ml of ParqueSan (ca. one small coffee cup) in a bucket with 2 litres of water.

Pass the obtained solution on the surface to be treated. The product is also optimal for the treatment of floors (tiles, stoneware) and surfaces in general.

There is no need to rinse.
