Product for professional use.
We decline any responsibility for the improper use

Anti-odor detergent for bilges and lockers

Description

Although not fragrant, has a strong deodorizing power, clean and disintegrates rapidly residues present in the bilge (oil, grease, fuel, sewage) and also it's safe to use on fiberglass, plastics, paints, pumps, drains etc

Seamaster Bilge Cleaner is a biodegradable product but in any case the slurry must then be disposed of according to the laws in force.

How to use

Pour one liter of product in the bilge (for a boat up to 10 m) and leave for a few hours, possibly by turning the pumps without discharge the product.

We recommend rinsing with under pressure water to facilitate dirt total removal.

Discharge the slurry according to the laws in force.
