

Industry Line

Lavo

Technical Sheet n° 111
Rev. 28/05/2014

Cars foaming cleaner

Category:

- Car cleaners

Applications:

- Washes bodywork and vehicle parts

Strenghts:

- Maximum effectiveness
- Very Focused

Applications

Lavo is a high-foaming concentrated shampoo for cars, able to deeply cleanse the bodywork of motor vehicles. Equipped with a very active but at the same time delicate formula on the bodywork, Lavo is the ideal product for your car, without the risk of ruining gaskets, chrome and even very dated paint.

If used as directed, it thoroughly cleanses leaving the bodywork shiny, clean and streak-free.

How to use

Dilute the product with water in a ratio of 1:20, mix carefully and carry out the washing operations with the help of a soft sponge.

Once finished, rinse thoroughly and remove the remaining drops of water with a chamois leather or a suitable synthetic cloth.

Field of applications

The product finds its use wherever there are vehicles to be washed, and in particular in:

- Bus lines
- Couriers
- Bodywork
- Mechanics
- Domestic and private use

Technical specifications
